**BOB & ELAINE LIENHART**  
**1984 Citizens of the Year**

(As delivered by Carolee Davison at the Cub Scout Blue and Gold Banquet, February 23, 1985.)

This year we are honoring a couple whose names are very familiar whenever anything to do with the school is mentioned. The lady makes the best fudge you have ever tasted and her husband always brings refreshments to every committee meeting. They live on Pleasant Street and have three children - Martha, Matt and Joshua. Many of you have already guessed that our honored couple this year is Bob and Elaine Lienhart.

Elaine was vice-president of PTO in 1979, co-president of PTO 1980-81 and co-chairman on the PTO Christmas Fair in 1980-81. Bob and Elaine have been room-mother and room-father for many years. Both Bob and Elaine have been brave chaperons on class trips and at school dances.

Elaine is a very artistic person. She makes beautiful stuffed animals that look real. She has helped with class projects for decorations for the Christmas Fair. She has helped with decorations at graduation and made the corsages for the Cheerleader Tournament and the Blue and Gold Banquet. Elaine has also worked on the Easter Egg Hunt for many years.

This year Bob has done a terrific job coaching the 5th and 6th grade basketball team. And we've been told that Elaine has been one of the team's greatest fans. In 1982 through 1984 Bob was the Assistant Coach for the girls basketball team. Both years were outstanding for the team. Bob was given his own waterboy T-shirt. Last year Bob helped Mr. Ray with the Chichester Baseball Farm Team. He hopes to help again this year. For the last 2 years Bob has been chairperson of the Chichester Cub Scouts. Bob was one of the first committee members of the Chichester Building Resource Committee. He helps on all the fund-raising projects on this very worthwhile endeavor.

Bob and Elaine are also very active in the Pittsfield Baptist Church. This year Bob and Elaine's daughter Martha is a freshman at Pembroke Academy, so they now have to share their support with another school.

No matter whether Bob or Elaine is responsible for a certain activity or project you always know that you have the help and support of both individuals. In a small town such as ours, people like Bob and Elaine are invaluable to our school system and to our children.

I for one would like to thank them for helping to make Chichester a *great little town* to live in.

## REPORT OF THE CHICHESTER VOLUNTEER FIRE DEPARTMENT

To the Citizens of Chichester:

This past year has been another active year for our Volunteer Fire Department. We have responded to 147 calls with our average response time being three minutes.

Again this year many long hours were spent training by our volunteer firefighters to better serve our community.

We would like to take this opportunity to thank you, the citizens of Chichester for your continuing support of our Department and to those who have made donations to our Department.

I would like to extend a special thanks to those men and women on our Department who donated so much of their time and effort.

As always, we more than welcome anyone who may be interested in joining our Department.

May you all enjoy a safe and fire free year.

Sincerely,

CHIEF DAVID LUCIER

## REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a \$1000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with snow must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required are liable for damages caused, fire suppression costs and subject to a \$1000 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annual forest fire loss record.

## CENTER BARNSTEAD FIRE DEPARTMENT

Board of Selectmen  
Town of Chichester  
Town Hall

January 1985

Gentlemen:

The Center Barnstead Fire Department requests the Town of Chichester to raise and appropriate the sum of \$5,612.00 dollars, which represents your Town's share of the 1985-86 Ambulance Payroll Budget of \$50,189.00 dollars for two paid and one parttime ambulance attendant.

The paid daytime ambulance service is dependent upon each of the six Towns that we cover, to appropriate their share of the budget in order for this service to continue to remain operating.

This budget does not provide for 24 hour ambulance service, as many may think. The remaining time, in the evening and on the weekends is covered by our well trained volunteer personel. The funds that are appropriated in this budget are not used for any maintenance, supplies or purchase of equipment, for which we rely heavily on fund raisers and donations to keep the service running.

Enclosed with this letter are copies of the 1984 payroll expenditures and financial statement, plus other information. All the material provided should be published in your annual Town Report. If you should need any further assistance, please call 776-8191.

Cordially,

RODNEY T. BOYD

Chief

Center Barnstead Fire Department

## REPORT OF THE CHICHESTER LIBRARY

In the continuing absence of a librarian, Claude Bailat has kept the library open on Saturday mornings through 1984. He will be sadly missed when he leaves for college.

The pre-school story hours are now a permanent fixture of spring and fall Tuesdays at the library. This fall Candy Brehm was assisted by Hannah West, and the group was divided into two age groups. Children three years old and younger meet downstairs for a story, an easy craft or a game, and some free play. Upstairs, the four-five-and six-year-olds have a longer story and some more-complicated craft project. Both groups combine at the end of each hour to check out books to take home. Parents accompany their children and have the opportunity to visit.

Again this year used books have come from many sources to the library. Some books are placed on the shelves. Others will be sold and the proceeds used to buy new books.

The books purchased this year have been primarily easy readers for children. Spreading Wings Kindergarten and Pre-School children use the library weekly during the school year. The story hour participants borrow books in quantity, and there are several parents who bring their pre-schoolers to the library on a regular basis. Once a book goes home it is usually read several times, and the collection is constantly in need of replacements for old favorites as well as the purchase of new titles.

In sad contrast to the active borrowing by children, the adult circulation has fallen off badly with the withdrawal of the State Library bookmobile service. Although there are probably some folks in town who have literally read every book in the library, there must be many more who have never set foot in the place. The trustees hope that those who come to see the Town Clerk on a Thursday evening will climb the stairs to the library as well.

Library aides Patricia Doherty and Margaret Smith have found it necessary to give up their duties this year. Their services have been much appreciated, and the library will miss them.

Thanks are due to Alice Parker, Margaret Smith, and Janice Yeaton who have filled in on Saturdays this year when Claude was unable to be in the library.

## CONCORD REGIONAL VISITING NURSE ASSOCIATION

The Concord Regional Visiting Nurse Association, Inc. continued to service Chichester for this past year. In the Home Care Program, service is provided under a physician's plan of treatment to patients who are essentially homebound with diagnosed illness. This service is rendered by health professionals (Registered Nurses, Physical Therapist, Occupational Therapist, Nutritionist) and paraprofessionals, (Homemaker/Home Health Aides, Home Assistants) according to the patient's and family's needs. Hospice care is provided to patients in the last six months of a terminal illness. The Health Promotion Program has services (child health, family planning, screening) that are provided to low income/high risk patients and families in group settings, such as clinic and screening sites.

Health Education and Instruction is part of each home visit or clinic visit.

Anyone in Chichester may request service; patient, doctor, health facility, pastor, friend or neighbor. Patients are also referred by other agencies. All requests are answered, but continuing home care can be provided only with a physician's orders.

A call to the Concord Regional Visiting Nurse Association, Inc., (224-4093) between the hours of 8 a.m. and 9 p.m., seven days a week is all that is necessary to start services or make inquiries. Hospice staff are on call (224-4093) 9 p.m. to 8 a.m.

Federal regulations specify a charge is applicable to all visits. Fees are scaled for those unable to pay the charge if that person has no other funding source available. However, for fee scaling, federal regulations require a financial statement be completed and a fee appropriate for which the patient will be responsible. Town monies subsidize those visits that are scaled or that no fee is collectible.

This Agency is accredited by National League for Nursing and American Public Health Association Certified for Medicare and is a member agency of Home Care Association of New Hampshire, United Way of Merrimack County, and National Association for Home Care.

Visits made during the year beginning October 1, 1983 to September 30, 1984 were:

## **CHICHESTER SCHOOL BOARD REPORT 1983 - 1984**

The Chichester School District budget is up more than the School Board would like for it to be, but we have given it a great deal of consideration and have cut it wherever possible. The tuition to Pembroke Academy is up about 10½% and we are told that is because of building costs and salary increases. The Academy does have a comprehensive curriculum that does meet State of New Hampshire standards, which means a wide variety of courses are offered to meet the students needs. The Academy did get a ten year accreditation with the New England Secondary School Association which is commendable.

Teacher salaries in our own school district also shows an increase. We have a philosophy which is that we like to stay competitive with the other districts in our Supervisory Union. In order for us to stay about average (not the highest or lowest pay scale) we offered our teachers a salary schedule which shows about an 8% increase. We hope that this will put us in a competitive position and also retain competent personnel.

The School Board chose a committee to study the feasibility of computers in our school. The committee, chaired by Ken Knight, reported to us in August with a complete and comprehensive report. The Board accepted the report and we are currently trying to follow a proposed time table which includes staff training, selecting hardware and software, and also implementation of the program into our curriculum. The money to purchase the equipment and for teacher training will come, this year, from a block grant offered by the Federal Government.

In October we were presented with a complete set of plans for an addition of a multipurpose room to our school. The committee working on the project was chosen by Carol Knight, School District Moderator, at the School District meeting in 1982. The Committee is very active and is currently working on ways to raise money for the construction of such a room. The School Board commends the committee for its loyalty and determination. We congratulate the committee and we hope its current project, as difficult as it is, will be successful.

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

This past year has been both a busy and rewarding year for the school district. Staffed with an exceptional group of competent teachers, our school is a special place for children. Teachers have spent many extra hours working on our curriculum review process, aimed at improving teaching and learning for students. Although scheduled to review the Language Arts Curriculum only, staff members asked to develop the districts computer education program at the same time. This unselfish attitude on their part is really to their credit. Staff members have been helped significantly in their work on the computer program by citizens from the community. As of this writing, the district has already received two Apple computers and has begun its staff training program. You will hear more about this important topic at the district meeting.

The district's contract with Pembroke Academy continues to work well for our students. Curriculum coordination efforts between Academy staff and our staff make the transition from one school to another easier for our students.

The School Board developed a plan to deal with issues raised by the State Fire Marshall's office. Additional electrical outlets were added and the entire electrical system was inspected by licensed personnel and found to be quite safe and more than adequate for our needs. I want to assure you that the school building is safe for our students and staff.

The group of citizens working on the Gymnasium proposal has kept in close communication with the School Board and district administrators to assure cooperative efforts.

A number of citizens provide voluntary assistance at the school in the library and in the classrooms. Their concerns for the school and their many hours of help are very much appreciated.

Your School Board continues to provide leadership and governance for the district. They devote a great deal of their time to assure that the school provides the best programs possible within the resources the district makes available.

Respectfully submitted,

GEORGE I. BLAISDELL  
Superintendent of Schools

## PRINCIPAL'S REPORT

The Chichester Central School opened in September, 1984 with an enrollment of 186 students. The teaching staff was as follows:

Grade 1 - Johanna Sanborn

Grade 2 - Virginia Sanborn

Grade 3 - Sue Williams

Grade 4 - Marilyn Koladish

Grade 5 - Jean Fifty

Grade 6 - Patricia Brown

Grade 7 - English & Social Studies - John Farnum

Grade 7 - 8 English & Social Studies - John Farnum

Grade 7 - 8 Mathematics & Science - James Fifty

Resource Room - Elaine Coffey

Music - Paula Jacobson

Title I Reading - Betty Cate

Title I Math - Judith Snell

Guidance - Hal Stevens

Speech & Language - Barbara Lewis

Last year the staff at Chichester Central School completed a mathematics curriculum study of grades 1-8. The study was finalized by the selection and adoption of a new math series for the school. A selected few advanced math students in the 8th grade have the advantage of taking Algebra in place of the regular math curriculum.

A committee has been formed of staff members and chaired by Johanna Sanborn to study the areas of Reading and Language Arts in the school. This committee has been charged with writing a curriculum and making a recommendation for a new reading series by the end of the year.

The Computer committee is pleased to learn that the Block Grant has been approved and the school can soon expect to have two new computers along with a printer. This will allow for the continued progress of computer literacy plans for the staff and students. Once the staff becomes familiar with the computers, the curriculum committee will continue developing ways of incorporating computers into our regular school curriculum.

This year the School Board has voted to expand the school ski program to include a day of cross country skiing along with the down hill skiing day during February vacation. Every student will be able to take advantage of going skiing for about 45 minutes and also start to develop skills in an individual sport that is gaining popularity in New Hampshire. To supplement the short time on skis, plans are being made by the staff, to develop an appreciation for skiing into the daily curriculum for a short time. We hope for a successful program.

The school volunteer program is expanding. We are seeing more new faces in the library and are fortunate to have people in the community help in other ways in the school and classrooms. It pleases us to have these people take such an active interest in the school.

Respectively submitted,

RICHARD T. FOWLER  
Principal
